

Agenda

Monday, November 4th, 2019

INSULATION SEMINAR: „Insulation materials isoplan® GREENLINE“

- 2:00 pm – 3:30 pm Basics of heat transfer
Manufacturing process and raw material concept of **isoplan®**
- 3:45 pm – 5:00 pm How to select the suitable insulation material for each application
How to design and process **isoplan®**
Application examples and practical tests
- 7:00 pm Welcome dinner at the hotel

Tuesday, November 5th, 2019

GASKET SEMINAR: „Gasket technology intensive“

Part 1: The right way to get it tight

- 08:30 am – 10:30 am Basics of gasketing technology
The magic triangle – interaction and function of flange, bolts and gasket
- 10:45 am – 12:15 pm Tour around the production facilities of sheet material
novapress® and **novaphit®**
- 12:15 pm – 1:15 pm Lunch break
- 1:15 pm – 4:30 pm State-of-the-art testing methods of gasket materials
Practical demonstration in our laboratory
Practical demonstration on flanged joints in our R&D building with evaluation of the results
- from 6:00 pm Evening entertainment

Wednesday, November 6th, 2019

Part 2: Competent application engineering

- 08:30 am – 12:00 pm Which gasket material is suitable for which application?
With **novafilon®**, **novatec®**, **novaphit®** and **novamica®** you have always got the right answer !

Presentation of **novaDISC** and practical exercises for the selection and design of gaskets (each participant may bring his own notebook with installed novaDISC)
- 12:00 pm Lunch break with discussion
- from 1:00 pm Closing of the seminar and departure
